

Thank you note from Joshua Carlson's family...

Dear CCV STARS and Church Community,

We are so thankful for all the love and support you have shown our family over the last two months during Joshua's hospitalization. We were deeply touched by the outpouring of prayers in Joshua's name. We are grateful for the gifts and posters of prayers sent to Joshua while he was in PICU and Neuro Rehab. We are grateful for offers of service to our family with anything we may need. We are grateful for delicious meals sent to our home over the last two weeks. We are blessed to be embraced by such a loving and Christ centered church community!

We're ecstatic that we have our little boy home growing healthier each and every day! Miracles DO happen! We pray in thanksgiving for all of you! May Christ always be the center of our lives! May your Christmas and New Year be blessed!

With much gratitude and appreciation in Christ's name!
The Carlson Family
Mark, Carla, Joshua and Bella
